Cambro Mobile Handwashing Station

At off-site catering events, fairs and other venues where running water is not readily accessible, health inspectors take a closer look at hand washing as it is an important, yet often overlooked part of your operation. Being able to wash your hands with soap under warm running water is no longer a point to squirm about when you have Cambro's handwash accessory. Simply strap it onto your existing Cambotainer to set up an instant handwash station!
